

STUDENTS' COMMENTS AFTER CFMUNESCO PARTICIPATION IN CIVIDALE (26-28 NOV 2015)

This was my first MUN: a wonderful occasion, which has made me more aware and fluent in English. Living in a new international environment, making new friends from all over the world, has turned me into a more cosmopolitan citizen, proud of participating actively to the solution of global issues. A fantastic experience that I recommend to all curious students. **Agnese Daverda Saccavino**

This amazing experience of CFMUNESCO in Cividale came after weeks of preparation. I was a delegate of Thailand in the disarmament committee. Our resolution was the result of long discussions, different amendments and final agreement. What a great satisfaction when my resolution passed with more than 20 votes in favour! Besides, However, I met lots of young people from around the world, and I am still in contact with some other delegates. This experience is worth trying especially for those interested in politics and competent in English. **Rossi Annalisa**

It was a stunning experience to participate at MUN. I had the opportunity to meet peers from all over the world and to compare my point of view on crucial current issues. **Daniela Facco**

It was my third MUN conference and probably the best because I felt more experienced and relaxed. Surely it is a unique opportunity of getting to know solid and fascinating human beings. I suggest this stimulating initiative to every single student of ISIS Malignani. **Davide Missana**

It was my first MUN experience and I really liked it. First of all, I liked the 'international atmosphere': I had the opportunity to meet people from all over the world, to chat with them and to keep in touch afterwards. Furthermore, I challenged my knowledge of English and my ability to understand and debate international global issues. In conclusion, this was an unforgettable experience, thanks to the amazing people I came in contact with and the friends who shared those moments with me. So I suggest the MUN conference to everyone, looking forward to the next CFMUNESCO. **Elisa Bello.**

This was my first experience at CFMUNESCO and, after a beginning full of anxiety, I really enjoyed myself. My committee, Human Rights, was so welcoming and we worked our best to find solutions for our topics. My English teacher, Antonella Dreszach, supported me and so did my school mates. The days in Cividale flew by in a light hearted atmosphere: how wonderful to meet guys from all over the world, to speak to and to laugh with! **Mattia Sandrelli**

It has been such a marvellous and inspiring adventure. Join in CFMUNESCO 2017! **Alberto Peccol**

It's now the third year that I have the honour to participate at a MUN session, an amazing and unforgettable experience to develop interpersonal and diplomatic skills in English and to socialize with peers of different cultures and ideas. I need to say thank you to my teachers, Savonitto D. and Dreszach A., who introduced me to this involving world of contemporary political issues and I recommend this fantastic experience to everyone at least once in a lifetime. **Massimiliano Dosmo**
